

Highlights of CAP Program

- Play-centered program designed and led by District teachers
- District supplied transportation
- A highly-qualified, certificated teacher during the entire school day
- No confusing schedules
- Socializing opportunities with students from the AM kindergarten program
- No mid-day commute and no time lost waiting for students from other schools to arrive
- Student-centered classroom environment
- More time to focus on teachable moments and augment individual problem solving situations

Play is our brain's favorite way of learning.
- Diane Ackerman

(908) 431-6600

Childhood should be a journey, not a race!

Hillsborough Township Public School District has developed the Children at Play... (CAP) Program, a thematic play-based kindergarten e x t e n s i o n program. Since its

inception in 2011, the program has aimed to allow teachers the time to focus on teachable moments and augment individual problem solving situations in a relaxed and child-sensitive manner. The CAP program takes advantage of children's natural love of learning as well as their ability to get along with others in a developmentally appropriate and stress-free environment. As children explore, experiment, and interact through play, they learn how the world works.

Play is the fundamental element of the CAP program. Opportunities for intentional social expansion through interaction, imagination, oral language development, extended creative outlets, self-discovery, and exploration are the primary components of the CAP classroom.

Our team of kindergarten teachers has developed thematic units (independent from the academic kindergarten curriculum) that are the foundation of the CAP program.

The teacher's role will be to facilitate and guide students by leading and funneling their individual and group play experiences through active participation in the process while creating and sustaining a caring and nurturing environment.

CAP was created to provide kindergarten families with an opportunity for their children to remain in the Hillsborough Township Public Schools for a full school day with a highly-qualified, certificated teacher.

The CAP program will cover the second half of the school day at your child's assigned school. The program will be supervised by the building principal. The program follows the school district's standard operating procedures including District calendar, arrival and dismissal times, and policies. Tuition for the CAP program for the 2017-2018 school year is \$615/month.

Lottery Registration

There are 22 slots available in each CAP classroom. This student to teacher ratio will provide for an intimate learning environment. If you are interested in registering your child in the CAP program, please complete the lottery form in this brochure and return it to:

Hillsborough Township Board of Education
 379 S. Branch Rd.
 Hillsborough, NJ 08844
 Attn: K. Bergman
 Or via email at: kbergman@htps.us

You may also submit your information [online](#).

Following the CAP lottery on March 29 2017, a deposit of \$615 and a signed contract will be required to reserve a spot in the CAP program for the 2017-2018 school year.

For questions regarding the CAP program, please visit www.htps.us/CAP or contact Kia Bergman at (908) 431-6600 x 3316 or via email at kbergman@htps.us.
